Professional Summary

I am a PhD student at National Taiwan University. My research interests include deep learning, numerical simulations, and Carbon Capture and Storage. Currently working on neural operators and Transformer-based solvers to accelerate multiphysics simulation problems.

Research Experience

Research Assistance | 2023-2025

National Taiwan University

- Develop deep learning surrogate model that is 1000 times faster than numerical simulations.
- 3D large scale numerical modeling of multiphase darcy's flow.

Academic History

PhD student, National Taiwan University

2025-

NSTC Research Scholarship recipient

Relevant Courses:

- Machine Learning and Kernel Method (CommE5053) - A
- Parallel Programming (CSIE5213) - this semester

M.S., National Central University

2021-2023

Thesis: Thermo-hydro-mechanical-chemical simulations on the evolution of pore-fluid pressure and deformation mechanisms of the fault gouge at seismic slip rate

B.S., National Central University

2017-2021

Geoscience

Selected Publications

A High-Fidelity Surrogate for Multiphase Flow in Complex Faulted System Using Geometric-Aware Fourier Neural Operator. 2026/5/19-22 Interpore2026 Poster Presentation.

SEBASTIAN BENNETT

PROJECT MANAGER

+123-456-7890
hello@reallygreatsite.com
123 Anywhere St., Any City

SUMMARY

Results-driven Project Manager with 9+ years of experience overseeing multi-disciplinary projects in government, IT, and public service sectors. Strong track record of leading cross-functional teams, managing budgets up to \$3M, and delivering projects on time and within scope. Skilled in project planning, risk management, stakeholder communication, and performance monitoring. Proficient in Agile, Waterfall, and hybrid methodologies. Adept at ensuring compliance with federal policies, procurement standards, and reporting requirements.

EXPERIENCE

Liceria & Co. 2022–2023
Project Manager

- Manage 12–15 active federal projects annually, including digital modernization, community service programs, and operational improvements.
- Oversee project budgets ranging from \$500K to \$3M, maintaining 98% budget compliance and reducing unnecessary expenditures by 12%.
- Lead cross-functional teams of 10–25 members including analysts, IT staff, designers, and contractors.

Fradel and Spies Co 2023–2025
Assistant Project Manager

- Supported project delivery for federal contracts, including IT modernization and user experience improvement initiatives.
- Assisted in preparing project documentation, timelines, meeting agendas, and weekly reports.

EDUCATION HISTORY

Borcelle University 2016–2020
Bachelor of Science in Business Administration

Relevant Coursework: Project Management, Operations Management, Data Analysis, Leadership, Organizational Behavior.

SKILLS

- Project Planning & Coordination
- Budget Management & Cost Control
- Federal Contracting & Procurement
- Risk Assessment & Mitigation
- Stakeholder Communication
- Team Leadership & Collaboration
- Reporting & Performance Analysis
- Agile & Waterfall Methodologies

ESTELLE DARCY

REGISTERED NURSE (RN)

123 Anywhere St., Any City | hello@reallygreatsite.com | www.reallygreatsite.com

SUMMARY

Dedicated Registered Nurse with expertise in clinical care and process management. Proven in enhancing patient outcomes and optimizing workflows. Committed to providing compassionate, evidence-based care while ensuring safety and efficiency in fast-paced clinical settings.

PROFESSIONAL EXPERIENCE

Registered Nurse, Morcelle General Hospital

Jan 2024 - Present

- Implemented new bedside EHR charting protocol, enhancing documentation accuracy by 15%.
- Streamlined patient discharge processes, cutting average turnaround time by 10% and improving bed availability.
- Developed preventive care strategies for high-risk patients, leading to a 20% reduction in preventable incidents and falls.

Student Nurse Intern, XarrowAI Health Systems

Jun 2022 - Aug 2022

- Designed and optimized a digital medication reconciliation checklist, realizing a 12% improvement in medication administration speed.
- Coordinated multi-disciplinary testing for new infusion pump software, ensuring 100% compliance with Joint Commission safety standards.

CLINICAL ROTATIONS

Medical-Surgical and Critical Care

Jan 2023 - Jun 2023

University of Nursing Excellence

- Acute Care: Managed a 4-patient load in a high-acuity med-surg environment.
- Technical Integration: Utilized advanced monitoring systems and diagnostic imaging tools within the Cardiac unit.

SKILLS

- Patient Assessment | Wound Care & Phlebotomy | ACLS/BLS Certified
- EHR Systems (Epic/Cerner) | Patient Safety Protocols | Telemetry Monitoring
- Care Coordination | Crisis Intervention | Pharmacology Knowledge

EDUCATION

Bachelor of Science in Nursing (BSN)

Sep 2019 - Sep 2023

School of Health Sciences

- Relevant Coursework: Pathophysiology, Advanced Pharmacology, Nursing Leadership, and Healthcare Systems Management

ADDITIONAL INFORMATION

- Languages:** English (Native), French (Fluent), Mandarin (Conversational).
- Certifications:** Registered Nurse (RN) License, Pediatric Advanced Life Support (PALS), Certified Medical-Surgical Registered Nurse (CMSRN).
- Awards/Activities:** Nursing Student of the Year (2022), Excellence in Clinical Practice Award (2022), Peer Mentor for Incoming Nursing Cohorts (2024).
